

# Anagrammi

- [senteacher.org](http://senteacher.org)

The screenshot shows the 'Literacy Printables : Word Scrambler' interface. At the top, there is a navigation menu with 'Home', 'Printables', 'Downloads', 'Links', 'Search Tools', and 'Guests'. Below the menu are links for 'Ads by Google', 'PDF Free', 'Download Word', 'Word Puzzles', and 'Word Lists'. The main content area features a 'Download' and 'Print' button, and a 'Page 1' / 'Page 2' selector. The central part of the interface is a grid of word scramblers. Each row contains a scrambled word in a box on the left and an empty answer box on the right. The words are: 'sas', 'key', 'aoorgnak', 'atb', 'aerdbg', 'aelge', 'pea', and 'arbe'. To the right of the grid are several control buttons: 'Choose Wordlist', 'Edit Wordlist', 'Resize Text', 'Change Font', and 'Randomise'. Below these is a 'Change The Page Title' section with a text input field containing 'Unscramble these words...'. Further down are 'Anagram Generation' options: 'Easy Ordered Shuffle' (unchecked) and 'Hard Random Shuffle' (checked). Below that are 'Answer Overlay' options: 'Print Extra Answer Sheet' (checked) and 'Show Answers On Screen' (unchecked). At the bottom, there are links for 'Description and Help', 'Report Problems or Make suggestions', and 'Download Examples as PDF'. A footer note states: 'This generator creates anagrams from a word list'.
