Directors and Assistant Directors  
Heads of College Network  
Heads of Primary, Middle and Secondary Schools (State and non-State)  
Education Officers  
Heads of Entities  
Heads of Department

**Subject: Professional Development Sessions - Scholastic Year 2025-2026**

---

As per Letter Circular DCLE 07/2025, in which information was issued in relation to professional development for this scholastic year, a more detailed programme is being provided herewith.

Teachers are encouraged to register online through the links provided in the programme by Tuesday, 21<sup>st</sup> October 2025. A number of sessions are also open for registration to educators within the non-state sector. Some sessions might have a limited number of places and will accommodate participants on a first-come, first-served basis. The booklet will highlight such sessions.

In cases where a teacher teaches more than one subject, they can either attend the professional development of the main subject that they teach (if it is being offered) or select the one that reflects their needs.

If a group of teachers is not being offered subject-specific training, they are still required to attend on 31<sup>st</sup> October. In such cases, teachers are being offered alternative professional development sessions. This section is designed for teachers within the state-school sector only.

Thank you for your co-operation.

**Jude Zammit**  
**Director General**
